PENNSYLVANIA.

His Honour the Governor in Council,
To the GENTLEMEN *of the Assembly.*

GENTLEMEN,

YOU will observe by the additional Instruction, which I have ordered to be laid before you, that their Excellencies the Lords Justices, have signified to me His Majesty's Commands, "That I do take effectual Care "for the future, that the Act of Parliament, passed in "the Sixth Year of her late Majesty Queen *ANN*, entituled, "*An ACT for ascertaining the Rates of Foreign Coins in her "Majesty's Plantations in* America, be punctually, and *bonâ fide* "observed and put in Execution according to the true Intent "and Meaning thereof. And that, whereas many and great "Inconveniences have arisen in some of His Majesty's Colonies "and Plantations in *America*, by passing Laws for striking Bills "of Credit, and issuing out the same in lieu of Money, making "it obligatory on all Persons to take such Bills in Payment of "Debts, Dues and Demands, whereby the aforementioned Act "of the Sixth of Queen *Ann* has been frustrated, and great Discouragement has been brought on the Commerce of *Great "Britain*, by occasioning a Confusion in Dealings, and a lessening of Credit in these Parts; I am required, upon Pain of his "Majesty's highest Displeasure, not to give my Assent to, or "pass any Act, whereby Bills of Credit may be issued in lieu of "Money, without a Clause be inserted in such Act, declaring "that the same shall not take Effect, until the said Act shall be "approved by his Majesty, his Heirs or Successors.

The Right Honourable the Lords Commissioners for Trade and Plantations, by their Letter to me, dated the 20th of *May* last, which I have likewise sent you for your Perusal, have required, in Pursuance of an Address of the House of Commons to his Majesty, and of his Majesty's Commands, "That I do im- "mediately prepare, and as soon as possible, transmit to them, "in order to be laid before the House of Commons at their next "Meeting, an Account of the Tenour and Amount of the Bills "of Credit, which have been created and issued in this Government, that are now outstanding, with the respective Times "when such Bills so outstanding were issued, with the Amount "of the said Bills in Money of *Great Britain*, both at the Time "such Bills were issued, and at the Time of preparing my Ac- "count. I am also required to send therewith my Opinion, "what will be the most easy and effectual Manner of sinking and "discharging all such Bills of Credit, with the least Prejudice to "the Inhabitants of this Government, and Interruption of the "Commerce of *Great Britain*.

By their Lordships Letter of the 21st of *May* last, I am further required, in Pursuance of an Address of the House of Commons, "To prepare forthwith a compleat Collection of all the "Laws which have been made, and are now in force in this "Government to this present Time, and to transmit the same "to them with all convenient Expedition.

As their Lordships Letters did not come to my Hands till the latter End of *November*, I have not yet returned an Answer to them; but as they will expect it from me by the first Conveyance from hence, and I think it just that you should have an Opportunity of giving me your Sentiments in a Matter which so greatly concerns the Trade and Interests of this Province; so I cannot doubt but you will immediately prepare the Accounts required, as well as lay before me your Opinion which will be the most easy and effectual Manner of sinking and discharging your Bills of Credit, agreeable to the Ends proposed.

A Transcript of the Laws of this Government will be a Work of Time and Expence; but their Lordships will expect to hear that proper Orders are given for transcribing them with all possible Dispatch.

January 6. 1740,1. GEO. THOMAS.

By His Honour's Command.
PAT. BAIRD, *Secry.*

A MESSAGE to the Governor from the Assembly.

May it please the Governor,

WE thankfully acknowledge the Regard the Governor has been pleased to shew to the Interest of the Inhabitants of the Province, in Communicating to us the Subject Matters contained in his Message of the Sixth Instant, with the Letters and Papers relating thereunto: And having duly considered them, we think it a Duty we owe to those we represent, to return our Sentiments thereof in the Manner following.

When the Act of the Sixth Year of the late Queen *Anne*, for ascertaining the Rates of Foreign Coin in the *British* Plantations, past, and was in force, the People of this Province yielded Obedience thereunto, by Receiving and Paying Silver at the Rates thereby directed, and so continued to do until the Year 1720; between which time, and the Year 1723, Merchants, to make Remittances to *England*, did sometimes purchase Silver with Gold at a small Advance; but no Payments were deemed legal but such as were paid according to the Tenor of the said Act. In the Year 1723, the first Act for emitting of Bills of Credit, was made. In the doing of which, as well as in all other the Acts for Issuing Bills of Credit within this Province, due regard was had to the Act of Parliament before mentioned, by Establishing the Values of those Bills in Conformity to it. It must, indeed, be confessed, that soon after those Bills of Credit were issued, as our Trade very much increased, and far greater Quantities of *English* Goods were imported, the Ballance of our Trade with *Great Britain* turned out in our Disfavour,

Disfavour: And as thoſe Bills were of good Credit, and anſwered the Ends of Money amongſt us, it was no longer in our Power to keep any great Quantities of Silver or Gold for a Currency: And therefore ſince that time they have been ſeldom uſed in the Payment of Debts; but generally bought and ſold as Merchandize, and ſhipped off to *Great Britain*, to pay for thoſe great Quantities of Goods which are yearly imported from thence.

As the Governor received from the Aſſembly of the laſt Year (for the ſame Purpoſes it is now again required) a full Account of the State of our Paper Currency at that Time; and was pleaſed to undertake to tranſmit it to the Lords for Trade and Plantations; And, as we are well informed, their Lordſhips have received the ſame; and there is no other or greater Quantities of Bills of Credit ſince emitted; we conceive it will not be neceſſary to ſay much more on that Occaſion. We may however add, that in Purſuance of the laſt Act, great Part of the Bills of Credit, formerly current, have been brought in and actually deſtroyed, and the Reſidue daily bringing in and Exchanging to the ſame End; ſo that 80,000 *l.* created by Virtue of that Act, is the whole Sum that is or will be current in this Province. And notwithſtanding this is the greateſt Sum we have ever had current amongſt us; yet it is evident that no Injuries have been ſuſtain'd by the *Britiſh* Merchants; but, on the contrary, it has been greatly advantageous both to them and the Trade of this Place: For Silver is fallen in Value ſince that Emiſſion, from 8*ſ*6 *per Ounce* to 7*ſ*6 *per Ounce*, and Gold from 6*l.* 9*s.* 3*d.* to 5*l.* 15*s. per Ounce*, and Bills of Exchange drawn on Merchants in *London*, which were not to be purchaſed, ſome Time before the Emiſſion of thoſe Bills, at leſs than 70*l. per Cent.* have ſince been, and we believe now may be purchaſed at 50*l. per Cent.* And therefore the Diſcouragements which have been put on the Commerce of *Great-Britain*, and Confuſion in Dealings, the Lords Juſtices are pleaſed to mention, we perſuade ourſelves, alluded to Abuſes committed in ſome other Colonies, in which we had no Concern, and has no Relation to us: And we have the ſtrongeſt Inducement to this Perſuaſion, ſince by the Report lately made to the Lords Committee of Council from the Lords Commiſſioners for Trade and Plantations, touching the laſt Act paſt in this Province, for emitting the Sum of 80,000*l.* in Bills of Credit, they were pleaſed to declare, "They had took the "Senſe of the Merchants trading to this Province upon it, "who were of Opinion, that it was not only reaſonable, but "likewiſe neceſſary for carrying on the Commerce of this Coun-"try. That they had conſulted Mr. *Fane*, one of His Majeſty's "Council at Law, upon the ſaid Act, who had no Objection "to it in Point of Law; and that as no Objection appeared to "them, they had no Reaſons to offer why it might not have His "Majeſty's Royal Approbation." Which, we are informed, it hath ſince actually received.

From what is before ſaid, and what is conſiſtent with the Governor's Knowledge, we conceive it is evident, and that he will be of our Opinion, That the Method preſcribed by the Act is the beſt Means of ſinking thoſe Bills, by the Inhabitants of this Province; that it would be extreamly injurious to them, to do it ſuddenly or in any other Manner; that it would tend to the Impoveriſhing of great Numbers of the King's Loyal Subjects here, and would give ſuch an Interruption to the Commerce between *Great-Britain* and this Colony, as (we believe) might diſable us from Importing and Purchaſing the fourth Part of the Goods we now annually do.

The Reviſing and Collecting of the Acts of Aſſembly now in Force in this Government, has been under the Conſideration of ſome preceeding Aſſemblies, as well as of the Preſent. And our Speaker, to whoſe Care we recommended that Matter, acquaints us, he has made a conſiderable Progreſs in it: And, we hope, it will be compleated time enough to furniſh the Governor with ſuch Copies of thoſe Laws as will anſwer the End the Lords for Trade and Plantations propoſe.

As the Commerce between *Great Britain* and this Colony, and the Intereſt of the Inhabitants, have ſo great a Dependance on the Continuance of the Currency of our Bills of Credit amongſt us, we entertain no Doubt but the Governor will be pleaſed to ſtate our Caſe, in regard to them, to the Lords for Trade and Plantations, in a true Light. And it is only for want of a right Underſtanding of the Benefit that ariſes by them, from whence we can form any Apprehenſions of the Danger of being deprived of them.

The 8th of the 11th Month, 1740. *Signed by Order of the Houſe*, J. KINSEY, *Speaker*.

LONDON, October 4.

LEtters from Conſtantinople give us an Account, that they had been in great Alarms there, which however had no other Effect, than the Change of the Grand Vizier, and a few ſubornate Officers. The firſt Tumult happened on the 3d of June in the Afternoon, in the Quarter of the Town where old Cloaths are ſold; there did not appear at the Beginning above 18 Perſons, who ſeemed to have a Quarrel among themſelves; but one of them, when the reſt had drawn Swords, pulled out of his Boſom a Green Flag, which he fixed to a Staff, and then invited all good Muſſelmans to follow them. A great Uproar immediately enſued. The Sultan and the Grand Vizier were both out of Town at different Country Seats. But the Janiſar Aga, the Vizier Kayhaugh, and the Niſangee Paſhaw (late Caimacan) got immediately on Horſeback; and a Guard of Janiſaries was near at Hand, which Guard, led by their Officer, advanced towards the Noiſe, and that Officer making direcly at the Enſign-Bearer of the Mutineers, Sword in Hand, laid him dead at his Feet; then his Janiſaries fell upon the reſt, and after one or two were killed, diſperſed them. The Grand Signior came upon this News to the Palace; ſtrong Guards were placed every where, and the Grand Vizier himſelf was upon the Patroll all Night. Numbers of People were ſeized and put to Death. On the 9th there was a another Appearance of a Tumult, but it was ſoon ſuppreſſed. Upon the ſecond Commotion, it was thought proper to change the Grand Vizier, which was done on the 12th, and he is ſucceeded by Achmet Paſhaw, Caimacan during the laſt two Campaigns, and lately Niſangee; and Bekeer Paſhaw, who was newly arrived from Giudda, ſucceeds him as Niſangee. The Chiaux Paſhaw is alſo depoſed,

ſed, and ſent to Bagdad; and the Officer who killed the Standard-Bearer in the firſt Tumult, has been rewarded with the Office of Muſar Aga, or Commander of that Body of Janiſaries which keeps Guard at the Grand Vizier's Palace. The late Grand Vizier is made Baſhaw of Giudda.

BOSTON, November 8.

On Saturday laſt arrived here Capt. Remick in 21 Days from Barbados, by whom we have Advice that his Excellency Governor BYNG Governor of that Iſland, lately died there.

Laſt Monday and Tueſday we had a very ſevere Storm of Wind and Snow, in which ſeveral Veſſels coming in from Sea were caſt away, as we hear, viz. Capt. Myrick from the Bay of Honduras, ran aſhore on the back of Cape Cod, the Veſſel and four Men loſt: A Scooner from Newfoundland loſt at Cape Ann, but the Men happily ſaved: A Sloop from the Eaſtward with Wood, caſt away at Cape Ann, and four Men drowned, who attempted to go aſhore in the Canoe, but a Boy who ſtayed on board the Sloop was happily preſerved: Alſo a Wood Sloop from the Eaſtward ran aſhore at Point Alderton, and beat almoſt to pieces, but the Men (four in Number) with great Difficulty ſaved their Lives, by the Aſſiſtance of ſome People from Nantaſket.

Beſides theſe Accidents, we hear that a Man came aſhore at or near Cape Ann, upon a Piece of a Veſſel, but ſo bruiſed and ſpent, that he could give no Account of himſelf, or the Veſſel he belong'd to; and 'tis ſaid a Number of Limes and Lemons are drove on Shore, ſo that 'tis feared ſome Weſt-India Veſſel is loſt. The Maſts of a Scooner are come aſhore at Hull, and our Fiſhermen ſaw in the Bay on Friday laſt, a Rudder of a large Veſſel, ſo that 'tis much to be fear'd ſome Ship is loſt, eſpecially ſince much firing was heard in the Bay on Tueſday.

Dec. 23. The Rev. Mr. Tennent preach'd at the ſeveral Places mentioned in our laſt, and on Friday laſt he preach'd in the Forenoon at Mr. Morehead's Meeting Houſe, and in the Evening at Dr. Coleman's; on Saturday laſt in the Afternoon at the Rev. Mr. Webb's Meeting-Houſe; on the Lord's Day in the Forenoon at Mr. Morehead's Meeting Houſe, and in the Afternoon at the Work-Houſe in the Common, and in the Evening at Dr. Coleman's Meeting Houſe, where was a vaſt crowded Aſſembly, and ſeveral Hundreds were forc'd to go away not being able to get into the Houſe; yeſterday he preach'd at the Rev. Mr. Gee's Meeting-Houſe; this Evening he is to preach the Lecture at Dr. Coleman's Meeting-Houſe, and to morrow in the afternoon he is to preach the Lecture at Mr. Webb's Meeting-Houſe.

Newport, Dec. 5. Capt. Daniel Browne arrived here laſt Tueſday in 17 Days Paſſage from Hiſpaniola, who brings Advice, that an Expreſs was ſent by Poſt, in 24 Hours from St. Luce to Cape Teperoon to the General, informing that Twenty Sail of the Line and Eight ſmaller Ships were arrived there from France.

NEW-YORK, Jan. 5.

We hear that a Canoe, with one Woman and a Child at her Breaſt, and five Men in it, was laſt Week jamm'd in with the Ice and drove to Coney-Iſland, where they were all froze to Death.
